

Mint of the United States,

Philadelphia, 1872.

CIRCULAR LETTER

IN RELATION TO

AMERICAN MEDALS AND CABINET COINS.

This whole department will be under the Supervision of the Director of the Mint, and all inquiries and requests, with or without money, must be addressed to him. The Medals and Coins will be in the responsible custody of one of his clerks, who will also attend to the orders, reply to letters, and keep the accounts.

RULES:

1. No Coins, or Pattern Pieces, shall be struck after the year of their date; and to insure this, the dies shall be rendered unfit for that use. It is not desirable to make them as common as the proofs of regular coinage.
2. When a Pattern Piece is adopted and used in the regular coinage, in the same year, it will then be issued as a Proof, at a price near its current value; or if it comes out early in the year, it will be placed in the regular Proof Set. The Director reserves the right to send a Pattern Piece, without charge, to any incorporated Numismatic Society in the United States. In such cases, if the Pattern is in Gold or Silver, the value of the metal will be expected.
3. The price of the regular Proof Set of Gold will be Forty-Three Dollars in Gold; the Proof Set of Silver and Copper, Three Dollars in Silver as heretofore. To suit the convenience of many, payment may be made in currency equivalent.

JAMES POLLOCK,

DIRECTOR.
